Digital Humanism Conference
Shaping our digital future
Mon, 26 May – Wed, 28 May 2025
MuseumsQuartier Wien, Austria

#DigHum2025 brings together experts to discuss technology through the lens of human values and democratic principles. Challenging the digital, empowering the human.

The Digital Humanism Conference will take place from 26 to 28 May 2025 in Vienna. This year, the conference will be held under the motto: “Shaping our digital future”.

The conference brings together global thinkers, innovators, and policymakers to explore Digital Humanism’s potential. Discover key topics, meet leading experts, and gain actionable insights shaping our collective future.

Information technology is profoundly transforming our societies, with artificial intelligence opening new avenues for technological innovation. At the same time, there are significant concerns about how to sustain and advance democracy, human rights, inclusion, diversity, and environmental regeneration in the digital age, ensuring these benefits are accessible to all. Under the patronage of Austrian President Alexander Van der Bellen, renowned international speakers will share their perspectives, provide fresh insights, and highlight potential pathways to creating a digital future that benefits all.

Join us for the 2025 Digital Humanism Conference in Vienna!
